Advent wreath with eucalyptus

Instructions No. 3522

Difficulty: Beginner

Working time: 30 Minutes

Are you looking for a creative and natural way to decorate your home? A **eucalyptus wreath in a zinc plate** brings a beautiful elegance to your four walls. In this step-by-step guide, I'll show you how to create a beautiful wreath using simple craft materials. Let yourself be inspired and create your own green work of art!

Bring nature into your home - a magical eucalyptus-wreath in a zinc plate

Step-by-step instructions for your eucalyptus-wreath

1. **Create the base**

Place three vine wreaths on a zinc plate. These form the base of your eucalyptus-wreath and create an appealing volume.

2. **The right support with flower arrangement foam**

Place a piece of flower arrangement foam in the middle of the zinc plate. If necessary, you can adjust the flower arrangement foam with a hobby knife. The flower arrangement foam is used to hold the decoration in place later. If you want additional hold, you can fix the foam with a little hot glue.

Note: flower arrangement foam is a special, soft foam that is used to hold plants and decorations in place.

3. **Iceland moss for natural fullness**

Cover the flower arrangement foam with Iceland moss. This moss gives your wreath a natural fullness and helps to conceal the flower arrangement foam , giving you a harmonious, green surface.

4. **Pillar candles for atmospheric light**

Place the pillar candles on kandelaar with plugs and place them in the middle of the wreath. Make sure that the candles are sufficiently spaced apart to ensure safe use. These candles create a warm and inviting atmosphere in your home.

5. **Decorating eucalyptus branches**

Use a side cutter to cut the eucalyptus branches to the desired length. Then insert the branches evenly into the vine wreaths to give your wreath a natural and fresh look.

Your own eucalyptus-wreath in a zinc plate is almost ready!

You've made it! Your individual eucalyptus-wreath in a zinc plate now shines in all its glory and brings naturalness into your home. Enjoy the creative process and the satisfaction of having created your own work of art.
