# Canvas Macramé String Art

**Instructions No. 2433**

Difficulty: Beginner

Working time: 8 Hours

If you're looking for a creative way to give your home a fresh and spring-like look, then these craft instructions are just the thing for you. Learn how to create enchanting floral decorations from artificial flowers and natural materials in just a few simple steps. Whether as a table decoration or as an eye-catcher in the living room - this project will bring fresh colours and lightness to your ambience.

## This is how the artwork is created:

1. Draw two circles of different sizes on the back of the stretched canvas.

2. Place the canvas on a cutting mat and use a hole punch to make a hole every 3 cm on your pre-drawn circles.

3. Turn the canvas over and paint it with the pastel olive craft paint. Allow to dry.

4. Cut a long piece of the macramé yarn and thread it criss-cross through the holes.

Tip: To make threading easier, you can wrap some tape around the end of the ribbon to strengthen it.

5. Once you are happy with the threaded picture, knot the end of the ribbon to the back of the canvas.

6. Finally, various dried flowers can be stuck into the threaded picture.
