Cardboard roll wreath

Instructions No. 2890

Difficulty: Advanced

Working time: 5 Hours

Our **wreath** is something different! It is made from **cardboard rolls** of different lengths. So you don't need much material and still create a fantastic looking wreath. An absolute eye-catcher for the Christmas season!

This is how you make the wreath:

Saw or cut the **cardboard rolls** to different lengths. Our rolls measure 5 cm, 4 cm and 3 cm. Then paint these with **handicraft paint** in white and pastel olive green. We created 8 rolls of each color (white, pastel olive green and natural) and size.

Glue the 5 and 3 cm rolls into a circle. Glue the 4 cm rolls to the outside of the rolls.

Paint the **stars** gold and glue them to the wreath together with the **straw stars**.
