Christmas plug

Instructions No. 741

Difficulty: Advanced

Working time: 40 Minutes

Whether garden, balcony or veranda, - this Christmas greeting is guaranteed to get there

And this is how you do it:

Take Paint sponge and the colors white and Azure from the color set.
Apply now with the Paint sponge the white color on the sign and wipe in the still slightly damp color with small movements the color Azure. Thus you receive a lively optics. Design the pendant with the outdoor paint as well. It is particularly suitable for outdoor use. It is weatherproof and weatherproof. When the paint is dry, carefully make small marks on the sign where the bird is to be placed so that its place remains free. Now stencil the lettering "Merry Christmas" and the fir motif onto the sign. Place the Stencil on the sign and take some strips of masking tape to fix it in place

Now it has enough hold to apply the motif with short, stippling movements. Then attach the tag in its marked place. Glue it on with mounting adhesive, it is also weatherproof.
To sharpen the edges of the sign, wipe lightly with black paint. Wrap the pine garland around the Plugs and apply the decoupaste with a brush dabbing the sign and Plugs
.

Now decorate your garden with this lovingly designed Christmas plug.
