Cute birds made from cones

Instructions No. 2066

Difficulty: Beginner

Working time: 30 Minutes

Tweet .. tweet .. we are the beautiful little glitter birds. We are simply made of few materials. The **cone birds** are an eye-catcher in your home.

This is how the little birds are made:

Glue the **Wooden balls** with hot glue on the pine cones**.** Now you can spray the cones together with the ball with Edding **Spray in the** colours of your choice and let them dry. For our birds we have chosen the colours and rose Imperial Gold gold

The wings and beaks are made of **Felt** and **Foam sheets** cut out and glued to the birds. The eyes of the funny feather pleasures can be Marker be painted on or you stick **Wobbly eyes** on

The feet are also fixed to the fir cones with hot glue. The place you choose for the feet determines how your bird stands.

Must Have
