Design a candle with motif handkerchiefs

Instructions No. 2844

Difficulty: Beginner

Working time: 1 hour

What a **cute decoration** idea for Christmas! With the napkin technique you can apply any **napkin motif to a candle** and create great decorations. Also a great gift idea! The recipient will definitely be happy to receive a personalised candle from you!

This is how you design the candles:

Choose your desired **napkin motif** or **handkerchief motif**. We chose cute winter bunnies for our decoration. Roughly cut out the bunny motifs from the handkerchief. Remove the top printed layer and then cut out the motif neatly along the edges of the motif using the tweezers scissors.

Transfer the handkerchief motifs to the **candles** using candle **glue**: stick your motif straight onto the candle using a little candle glue. **Caution:** Apply the candle glue to the candle, not to the back of the napkin or handkerchief! Now you can carefully brush the candle dip over the handkerchief motif without it slipping. Allow it to dry thoroughly.

Finally, decorate the candles on the **wooden bowl** together with pine cones and eucalyptus.
