Design a fairy jar

Instructions No. 2988

Difficulty: Beginner

Working time: 4 Hours

Immerse yourself in the fairytale world of fairies as you conjure up enchanting motifs such as flowers and dreamy scenes on a preserving jar with this craft idea. Be inspired by the magic of fairies and create a unique, enchanted work of art.

Cut the **motif straw silk "Hydrangea fragrance"** to fit the **storage jar**. Then fix them with the **napkins"Glass & porcelain"** varnish. Tie a **bow** around the jar and embellish it with a **lavender pick.**

Then start by covering the **lid** with **moss** with glue. Use the **cord "leaves"** to create a hanging loop. Tie one end around the lid and knot the remaining long end on the opposite side of the **cord**.

For the next steps, cut out the motifs from the **motif straw silk "Enchanting cards"** and attach them to the **embossing foil** using the **patch adhesive**. Use the **tweezers scissors** to cut out everything delicately. Then emphasize the details with the **embossing pens**.

The cut-out motifs, such as **butterflies** and a **fairy**, are now glued onto the **moss** glued on. You can attach a **bamboo skewer** to the back to hold the fairy in place. Complete the lid by adding more **lavender picks**.
