Would you like to send someone a special **Easter greeting card**? How about our card with protruding **bunny ears**. This card is very special and can be made in just a few simple steps.

This is how to make the great card:

Transfer the **template** with the bunny ears onto white **cardboard**. Now cut only the ears (not the dotted lines on the template), preferably with a cutter.

Transfer the inside of the ear to **dot paper**, cut to size, outline in black and stick onto the ears.

Decorate with **flowers** and letter a **text** as desired.

Cut the white cardboard slightly smaller than your folded card. Paint a black frame around the white cardboard and stick it onto the card with **3D adhesive pads**.

A beautiful card for your loved ones with a special detail is ready.
