Father Christmas lampposts

Instructions No. 456

Difficulty: Advanced

Glowing Santa Clauses make for a wonderful Advent season. The pretty fairy lights are not an optical highlight in the only house. Why not decorate your garden or terrace and provide a warm light during the dark season.

Here's **how it works**

Paint the lampion lampshades with red and skin colored Handicraft paint Paint the Wooden balls with skin-coloured and the wooden feet with black Handicraft paint .

Swirl the white and red Chenille wire together. From this, arms and legs are made: Knitted tube and Chenille wire cut to size. For the arms cut two small crosses on each side of the lampshades. Pull the Chenille wire through the holes and let it dangle out of the opening at the bottom as legs. Fix the small Wooden balls for the hands and the wooden feet with hot glue at the ends

Insert a light chain into the lampshades
Fix the Christmas cap, Wobbly eyes and the big Wooden ball for the nose as well and knot the Knitted tube around the lampshades - done!

extra handicraft tip
You wish to hang the Santa Claus lanterns outside? Instead of using normal Handicraft paint VBS Outdoor Color

paint. Spray the complete handicraft work with Clear varnish and everything will be weatherproof. Use an outdoor light chain for this.
