Figure Cone Christmas

Instructions No. 2636

Difficulty: Advanced

Working time: 5 Hours

Isn't this a **cute Christmas decoration**? It's very easy to make and design yourself with the following instructions. Figure cones are painted and arranged with a few accessories to create a great Christmas scene.

The Christmas scene is made as follows:

Paint the figures with the colours of your choice. You can follow the painting on the photo or use your own ideas. After drying, paint on the faces. In our video, we show you a few ways to easily paint on faces.

Transfer the templates to the felt and cut out the hats and ears. Glue the ears together at the bottom with a little hot glue.

Glue the caps together with hot glue. Attach the caps to the back of the heads in spots with hot glue. Do the same

for the snowman's cap, but cut off the top and tie with ribbon. Then glue a pompom onto all the hats.

Bend the antlers, angel wings and halo out of wire. Double the wire for more stability. Glue them on with hot glue.

Arrange everything together on the board and glue it in place. Cut the pennants out of paper or cardboard, punch 2x holes with the hole punch and hang them on the yarn. The size of the pennants in our decoration example is 2 x 2.5 cm.
