Instructions No. 1020

Difficulty: Advanced 🍷🍷🍷🍷

This wintry arrangement fulfils all expectations. Arranged with gorgeous glowing **snowflake tea light holders** and a cute snowman figure, this cottage is a great eye-catcher in your home. The snow-white and cool turquoise together with the icicle medium **and the decorative snow** form **the ideal** backdrop for this frosty decoration dream.

And it's as simple as that:

Decoration house

Prime the entire house with the white paint and let it dry

Paint the roof as well as the gables, fence, windows, doors, corner beams, floor slab and a little from chimney with a mixture of white and turquoise

Emphasize the edges with turquoise and draw individual shades

When dry, take Brown and accentuate the edges sharply, wipe the Brown lightly onto the roof

Glue the individual parts on and to the house

Decorate the house with decorative snow, let it dry and then decorate the gables, fence and windows with the icicle medium.

Snowflakes

Prime the snowflakes with white paint and let them dry well

Paint the top side with a mixture of white and turquoise. Then wipe the edges with turquoise

After drying, apply a little Decorative snow to the edge with the Spatula

When the snow of the flakes has dried, insert only another tea light.
