Funny Aliens

Instructions No. 1853

Difficulty: Beginner

Working time: 1 hour

And yet they exist! Thanks to your help the **aliens** will come to our world and beautify your home. Especially children are happy about the Martians and with their little hands they create the funny **creatures.** You need only a few handicraft materials and you can start right away!

Glue the **Polystyrene eggs** with **Handicraft glue** together. Then prime the egg with your desired **Handicraft paint** and draw the outline of the mouth. The **eyes**, as well as the **Chenille wire** put something Handicraft glue in the egg

For the fun spirals, wrap the **Chenille wire** about a pen. To the end of the antennas you stick with a little Handicraft glue **Pompoms** on

With the **Marker** Edge teeth, tongue and all desired details and draw circles under the eyes. Afterwards, color the surfaces like the oral cavity, teeth etc. Ready are your funny aliens.

Also for Halloween the aliens cut a good figure. Or how about an astronaut or monster party at the next children's birthday party?
