Garden party garland

Instructions No. 2552

Difficulty: Beginner

Working time: 3 Hours

Get inspired by this garden party garland. It's quick and easy to make. With the different colours of florist crepe paper, you can customise your garland to match the party or garden.

First cut the florist's crepe paper into 50cm long strips (approx. 1.5cm wide). Then gather the strips in the middle once so that you have 6 of these strips bundled together.

Next, you only need to tie each bundle together with a winding knot (VBS craft tip: macramé winding knot).

Finally, you only need to knot the finished bundles to a long ribbon and your garden party garland is ready.

Must Have

Florist crêpepaper, color fast, Pastel-Pink

Grammage: 128 g/m²
Length: 250 cm
Width: 50 cm
Material: Paper

95,19 Kč (1 m2 = 76,15 Kč)
