Gnome-decoration pendant from clay pots

Instructions No. 2912

Difficulty: Beginner

Working time: 1 hour

Gnomes are always cute and great for decorating at Christmas time. These decoration **pendants** in the shape of gnomes are very easy to make with terracotta pots and pompoms. You can choose the colours yourself, so the gnomes will match your decorating colours.

How to make the cute elves:

First, paint the **terracotta pots** with the **VBS craft paints** in the colors of your choice. We have opted for natural colors - the "Natural Harmony" craft paint set is perfect for this VBS Craft paint set "Natural Harmony".

The **VBS pompom maker set** consists of 4 pairs of stencils. Use the second largest pompom templates (7 cm) for the specified clay pot size. 3 pompoms with a diameter of 7 cm can be made from one ball of "Lisa" **wool**.

Each pair of templates consists of two parts that are placed on top of each other. Starting from the center of the template, first wrap wool around one half of the template and then the other. Both halves are then closed to form a ring. Now cut the wound wool along the outer edge of the ring. To ensure that the individual threads are securely fastened, pull a ribbon from the ribbon set through the two pompom halves between the templates, tie it tightly together and knot it. The pompom maker can now be opened. The finished pompom is removed and can be cut into shape with scissors.

Now first pull the **satin ribbon** through the hole in the pot. Put some hot glue inside the pot to fix the pompoms in place. Now press the pompom into it. Finally, apply some hot glue to the **wooden ball** and stick it on as a nose.
