Lantern with motif straw silk

Instructions No. 1987

Difficulty: Beginner

Working time: 1 hour

These self-designed Lanterns with Motif straw silk provide for a great light and a pleasant atmosphere. Perfect for days when you want to make yourself really comfortable.

Cut the straw silk as well as the lamp foil to the desired size - test the effect on the lamp foil in advance. Combine any straw silks together until they fit on the lamp foil.

Remove the protective foil Lamp foil and stick it Straw silk paper on. **Double-sided Adhesive tape**is **glued** from the outside around the lantern base **and cover.**

Glue the lantern foil around the bottom and lid. Attach another adhesive strip where the lantern foil overlaps. Attach the **lantern brackets,** bend the ends over and clip off any excess material. Finally, place the LED light chain **with timer in** the lantern.

This idea is timelessly beautiful!

Some original articles are unfortunately no longer available.

With the offered articles you will surely succeed in reworking.
