Make your own key ring

Instructions No. 3340

Difficulty: Beginner

Working time: 1 hour

You can easily make fluffy pompom keyrings with trendy tassels and beads yourself. You'll be right on trend with these pendants. A great accessory that not only looks good only as a key ring, but is also a real eye-catcher on a handbag, cosmetic bag or wallet.

Turn your bunch of keys into a fashionable highlight with homemade pompom key rings! This individual DIY-Instructions will guide you step by step through the process of creating your own trendy pendant with pompoms,

tassels and beads. Whether as a personal accessory or a unique gift - this pendant will put a smile on your face. Follow the simple steps and create your very own pompom keyring!

Step 1: Make pompoms

With the help of the pompom maker, you can easily conjure up great pompoms by wrapping the yarn around the pompon maker again and again. Don't lose patience, the result is worth it.

Step 2: Cut the pompom to size

Now you have to cut the pompom to the size you want. To do this, simply snip around the edge with scissors until you are happy with the result.

You must leave the ribbon on. You will use this later to attach the pompom to the key ring or thread on the beads.

Step 3: Wrap the tassels

If you like, you can conjure up a few tassels with the tassel maker, which can then be tied to the pom-pom. They are super easy to make and look great.

Step 4: Thread on the beads

For a particularly exciting look, you can now thread on a few beads. You can choose between lots of glitter or a simpler look to suit your mood. In the picture you can see why the thread stays on the pompom - perfect for

threading on the beads.

Step 5: The finishing touches

To add the finishing touches to the key ring, you can attach feathers or wings as desired. To do this, attach small ringlets to the pendants. The tassel can now also be attached to the pompom. Let your creativity run wild!

This DIY-Trend is definitely an eye-catcher. Have fun making it yourself!
