Maritimes Licht

Instructions No. 1408

Difficulty: Advanced

Working time: 30 Minutes

Are you looking for an extraordinary maritime **wall or side light?** Do you design the VBS Basket tray with **Napkin technique**.

Ideal for standing or hanging up

Basis for this decoration idea is the VBS Basket tray. Prime the wooden shell with white Handicraft paint. **Tip:** So that the Jute ribbon-edging is not painted, tape it with crepe-Adhesive tape .

Cut the Napkins-motif and remove the unprinted paper layers of the **Napkin**. Paint the inside surface of the basket bowl with Napkin glue and position the napkin motif in the bowl. Use a brush to smooth down to the corners. Remove excess napkin paper with a scalpel

Match a strip of the Napkin with Napkin glue on a **Glass for tea lights** stick. Place the glass with an LED tea light in the basket bowl.
