Mini Garden in Pastel

Instructions No. 1458

Difficulty: Beginner

Working time: 1 hour

With only little effort, simple Terracotta-pots and saucers are transformed into a great miniature garden. Painted in pastel shades, this one looks especially summery.

Turbo colour design with Colorspray

The Terracotta-pots are simply sprayed with paint. The paint dries extremely quickly and evenly. However, before you work with Colour spray on Terracotta , you should consider the following:

Protect your work surface. It is advisable to place your object in a cardboard box for spraying with paint, so that you can avoid unintentionally applying the spray paint to unwanted areas.

The Terracotta-pots are cleaned of dust with a cloth before applying the paint.

Hold the spray bottle at a distance of approx. 25 - 30 cm from object, at this distance you will achieve optimal spraying results.

The black triangular pattern on the Terracotta-pots is achieved by masking (covering) the areas that are not to be sprayed with adhesive strips and protective foil.

Arrange mini garden

Use the large colourful Terracotta under-plate as a base for your mini garden. Sprinkle the ground all over with light-coloured decorative gravel
Arrange the remaining pots and saucers into small turrets

Plant a green plant in the upper pot or fill it with Flower arrangement foam, place an artificial succulent in it, sprinkle the visible foam plugs with decorative gravel.

Sprinkle river pebbles into the Terracotta-bowls, decorate with moss, with miniature garden furniture or similar accessories and with other stones.
