Peaked cap with a studded look

Instructions No. 592

Difficulty: Beginner

On fabric rivets and rhinestones are very popular. The white cap is painted with Posca pens and then decorated with rhinestones and big rivets. You can design the pattern according to your own taste.

Here's **how it works**

Use the silver Posca Brush to paint different big flowers and squiggles on the peaked cap. After drying with the black Posca Marker complement the contours and other patterns within the flowers

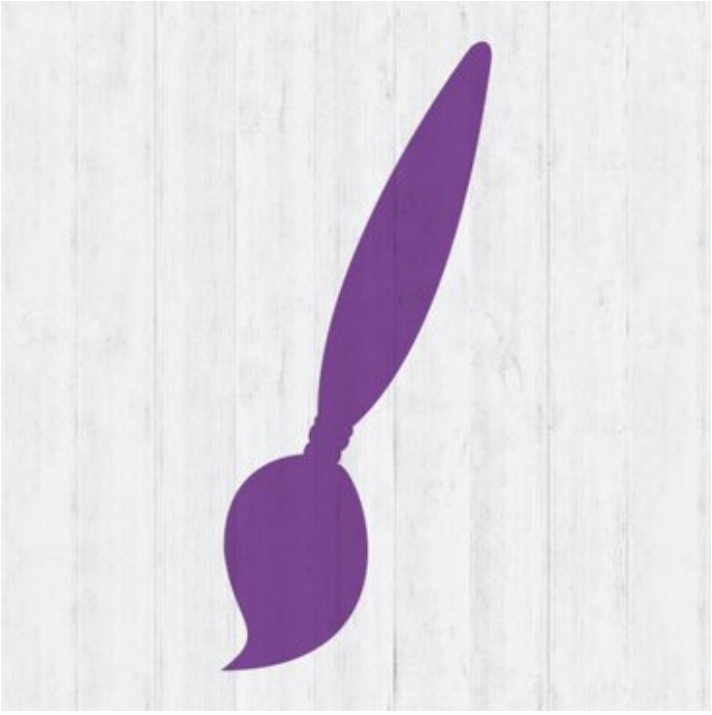

For the silver buttons you can use a silver imaginisce button with pattern clip closure. Alternatively, simply paint wooden boards with high-coverage silver paint and then fix them with Textile glue

Use tweezers to decorate the cap with rhinestones, these also hold perfectly with Textile glue.

This idea is timelessly beautiful!
