Practical sewing case for on the go

Instructions No. 466

This pretty sewing pouch is practical for travelling and fits in every handbag. The stable cuts in this instruction made of self-adhesive Lamp foil are covered with fabric and romantically decorated. So you are prepared for every emergency.

And this is how it works

Transfer the two **templates** twice **each** to the self-adhesive one and Lamp foil cut them out, so you have four **foil cuts**. Then remove the protective foils, stick the two small blanks onto the one and Cotton fabric cut them out one by one with 1 cm seam allowance. Stick the two large blanks next to each other with about 4 mm distance between the straight edges on the fabric and cut them out together with 1 cm seam allowance. Tape-Ribbon all seam allowances onto the back of the fabric. Cover the space between the large cuts with a narrow strip of fabric

Cut two strips from Motif fabric , each with a pattern repeat, fold the edges over and stick them onto the small blanks. These are then glued to the large element in such a way that the middle remains free and everything can be folded up like a case. Insert two satin ribbons at the edge to close the case.

For the **interior of** your sewing case, cut out various shapes from Felt , on which you can attach Needles, buttons and the like. Stick these on as you wish and decorate the finished case with white zigzag-Ribbon, lace and satin florets. Large flowers look especially pretty when you cut them out of the fabric and fix them on the outside with iron-on fleece.

Dear sewer, as fabrics are seasonal goods and we always want to have trendy fabrics in stock for you, it can happen that the sewn fabric is no longer in our range.

In our fabric section you will find a large selection of great fabrics. Click **here** to discover **all the fabrics**.
