

Schatulle mit Spieluhr

Instructions No. 883

This box with integrated music clock is perfect for your small treasures. Here your pieces of jewellery are not only safe only but also decoratively stored.

And it is as simple as that:

First unscrew all metal fittings and prime the entire box and white. After drying, glue **on the Décopatch-Paper** and fix it well with the glue. Also remember the heart in the box.

When it has dried, you can straighten the edges with a scalpel from the protruding Paper , if necessary. Seal everything with the Brilliant Clear varnish.

Once this is dry, wipe lightly with the Ink Pads over the edges of the box, this gives it more structure.

Now you have to screw all the fittings back on only and you can fill the box with your personal treasures.
