Sew Dog Scarf

Instructions No. 1703

Difficulty: Beginner

Working time: 30 Minutes

Dogs are loyal friends and companions. Why not sew a fashionable **accessory** for your dog? Whether you have a large or small dog, you can adjust the scarf to the size of your favorite.

Sewing the scarf is so easy:

Draw a horizontal line of about 70 cm on your selected fabric. Mark the middle of the line and paint a 20 cm line vertically from this point on at a 90 degree angle. Now connect the ends of the lines to form a triangle. Cut out the triangle with 1 cm seam allowance. Transfer this triangle to another or the same fabric and cut it out as well
TIP: For a very large or very small dog, simply enlarge or reduce the triangle.

Lay the cut fabrics right on top of each other, i.e. you lay the beautiful fabric sides or pattern sides on top of each other. Now sew the two triangles together. Leave an opening open for turning.

Turn the fabric over, iron your dog scarf and stitch the opening together just along the edges. Alternatively, you can close the opening with a magic seam, also called ladder stitch, mattress stitch, invisible seam, so that your seam is not visible.

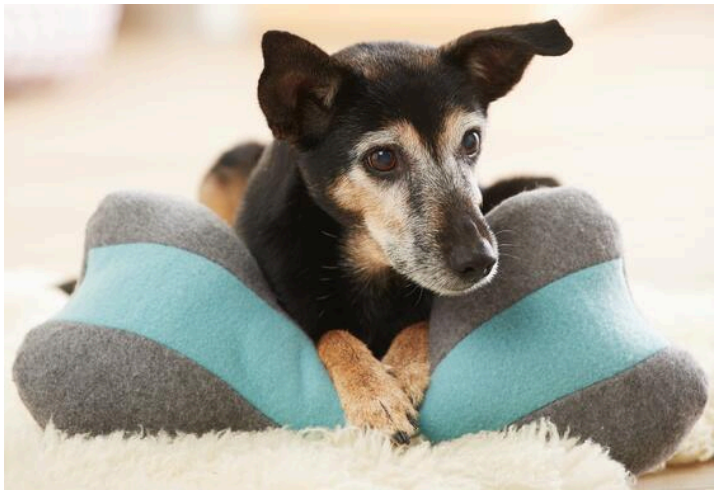

Ready is the fashionable highlight for your dog!

Tip: How about going with your dog in partner look? Just sew a great scarf for yourself and everyone will know that you and your dog belong together ;o)

Dear sewer, as fabrics are seasonal goods and we always want to have trendy fabrics in stock for you, it can happen that the sewn fabric is no longer in our range.
