Spring decoration with tulips

Instructions No. 3029

Difficulty: Beginner

Working time: 2 Hours

With only little effort, you can conjure up a small table decoration in your home that will bring spring into your home. And the best thing is that these artificial tulips are decorative but won't wilt and can be replaced with seasonal flowers at any time, keeping your table decoration timelessly chic.

Let us inspire you here.

First paint the wooden tray in delicate spring colors - here we have chosen the soft boho colors antique white, beige, antique rose and pastel-olive green.

Cut the tulips with a side cutter so that they later protrude approx. 2/3 from the glass vases.

Tie a small decorative bow to each glass vase using jute ribbon and decorate the vases according to your personal taste further with small sprinkles. Then place them in the wooden tray and fill the tray base further with small natural stones and some decoration-willow.

Finally, arrange the tulips in the vases. We hope you enjoy your new decoration!
