Working time: 40 Minutes

This tray in the shape of a star will inspire you! With its practical carrying handle, small delicacies can be easily transported and become an eye-catcher on your festive table

And by the way..it can also be decorated with candles, balls and branches.

And it's that simple:

Wipe the tray with the Paint sponge in white and let it dry well.

Cut the borders for the edges and the bows for the centre of the tray from the Napkin and remove the two unprinted layers of paper. Now glue the printed motifs onto the tray using Napkin varnish . Use the special brush, it gives a more precise result.

After drying, paint the handle, feet and edges with Hobby Color in Gold.

When this ink is also dried, simply pull the stamp over the edges, it gives the tray more depth

Finally, fix the Lace ribbon on the handle and the edges of the star tray with tape-Ribbon and decorate it with red satin-Ribbon.
