Tic-Tac-Toe in a practical bag

Instructions No. 1474

Difficulty: Beginner

Working time: 15 Minutes

Tic-tac-toe is clearly one of the classics among board games. Make the Tic-Tac-Toe game for on the go in a few steps and with little effort.

Here's how it works

The best way to start is to paint Wooden hemispheres in your two favorite colors. A simple Bristle brushes. is suitable for this purpose. While the hemispheres are drying, the cotton bag can already be finished. Use a pencil and a ruler to draw the fields at approximately equal intervals. When you are satisfied with this, you can draw the lines with a Fabric painting pen .

Afterwards the Wooden hemispheres should be dry and can be painted over with a varnish. This gives the balls a nice shine

Now you can take Tic-Tac-Toe everywhere.

Tip: Making a tic-tac-toe game is a great idea as an activity at a child's birthday party. The children can paint the game pieces in their favourite colours and take the finished game home as a souvenir
