The opaque, lacquer-like colors really stand out on the black background. We offer the marker in different line widths, from 0.8 mm for very fine drawings to 4 mm if you want to apply a thick layer.

Step 1:

Step 2:

Get all the materials you need ready. We use the permanent spray in black and rose gold. After painting, the globe is designed with Edding 751 gloss paint markers. The example shows the colors: silver, pink-metallic , pastel green and white.

First unscrew the globe and peel off the map foil from globe. Use the cutter to cut a slit for the gifts of money. Then spray the globe all over with the black permanent spray. Cover the work surface well with foil beforehand. In our Spray 1x1 we give important tips on perfect spraying. Spray the base and the bow of the globe in rose gold or another color of your choice.

Step 3:

Once the spray paint is thoroughly dry, you can decorate it with the gloss paint markers further . Activate the marker beforehand as follows: Shake the marker vigorously with the cap closed, remove the cap and pump the marker a few times on an absorbent paper until the ink appears in the tip. Now you can get started. After use, always close the marker tightly and store it horizontally.

Step 4:

If you like, you can also draw the planned motifs and words with a pencil. The next step is to color everything only with the gloss paint marker. All kinds of heartfelt motifs, congratulations to the bride and groom, travel ideas and much more are suitable for weddings. Let your imagination run wild!

Step 5:

Trace all motifs and texts with the gloss paint markers. It is particularly attractive if you write the texts in very different styles, sometimes thicker, sometimes very thin and narrow or emphasize individual letters.
