Weihnachtskarte mit Stoff-Steif

Instructions No. 679

Difficulty: Advanced

Use **fabric stiffener** to create **stars** for a Christmas card or gift tag. This tutorial is an example of how easy it is to create stars with fabric stiffener.

Here's **how it works**

Cut the fabric into pieces.
Pour the fabric stiff into a container, completely submerge the cut pieces until they are completely soaked with the liquid.
Then wring them out and spread them out smoothly on a surface covered with foil.
Leave to dry overnight.
Make a template for the star using the template.
Transfer the outline onto the hardened fabric with the line-ex pen and cut it out.
Cut out the star with the Pearl-Border the pen and let it dry.
Cut a map from white Craft cardboard sheet and fold in the middle.
Glue a piece of red cardboard as a passe-partout, on it the fabric star.
Cut a small star out of white Craft cardboard sheet and glue it with a button on the fabric star.
With the Pearl Write "merry x mas" on the red cardboard and let it dry.
