Window Pictures Polar World

Instructions No. 2316

Difficulty: Advanced

Working time: 5 Hours

At **winter time**, people decorate their homes to create a beautiful atmosphere. Of course, the windows can't be missing. Our **polar animals** are super cute and delight young and old. Children also enjoy making **window pictures** and learn how to use scissors and pencil in a playful way.

How to make the cute window pictures:

Download the **templates** and print them out. Transfer the individual motif parts onto the different papers using **transfer paper**.

Now cut out the motifs and glue them together. Use **pens** to add accents such as light reflections, face details, etc.

Punch out circles of different sizes from white **photo cardboard** and stick them as snowflakes around the individual pictures on the window pane.
